

## \$1,500,000 FOR A CAMPAIGN FUND

Boomers for W. R. Hearst Said to Be Ready to Raise This Sum if He Is Nominated at St. Louis.

(From To-day's Tribune.)

Nominate Hearst, defy the trusts, and \$1,500,000 will be furnished by Mr. Hearst and his friends for the Democratic National Committee.

Nominate Parker, Cleveland, Gray, Olney, Gorman, Brandegee or any other conservative, and you will be forced to go to the trusts for campaign funds, and Roosevelt will easily win.

This is the argument being used these days with telling effect among Democrats all over the United States by the friends of William R. Hearst.

The Hearst boomers are at work this week in the Southern States. The results of their efforts will become apparent within the next ten days.

William J. Bryan is going to come out boldly for Hearst at an early date. His announcement is likely to give the Hearst boom an impetus that will make trouble for the conservatives by the time the convention meets.

Mr. Hearst's agents have been "busy" with some of the up-State men who are slated to go from their respective districts, and when the "show-down" is made it is expected that he will have a handful of delegates from the Empire State—enough to make it perfectly clear to the convention that the Hill men cannot hold all their delegates for Judge Parker.

The argument that is cutting most ice, said a Hearst man yesterday to a Tribune reporter, is that Hearst is the only candidate who is fighting the trusts fearlessly and who would use all the powers of the Government to disrupt them if he were elected. The Hearst men say that if Hearst is nominated he and his immediate friends will contribute to the Democratic National Committee the sum of \$1,500,000. This, it is urged, would leave the National Committee from

the necessity of appealing to the trust magnates.

The alternative to this is that if a conservative candidate is nominated the National Committee will have to appeal to the trusts for their campaign funds, and in doing this will incur obligations which will make a Democratic victory absolutely fruitless. This argument is clean-cut, logical and cannot be easily controverted. The average Democratic politician, especially in the country districts, is hungry for the spoils of office. It has been a long time in the country he has seen any campaign money, and when the proposition is laid down to him as the friends of Mr. Hearst are laying it down these days he is quite likely to be aboard the Hearst bandwagon.

In the elaboration of the argument the friends of Mr. Hearst say to the Congress district leaders that half-way measures will not answer. That President Roosevelt's enforcement of the law against the Northern Securities Company that the President is determined to treat rich and poor alike and that if the Democratic reorganizers nominate a colorless man they will disgust the radical Democrats, most of whom would vote for Roosevelt rather than for a man whose position with the people is an enigma.

The ready cash with which to organize Hearst clubs and the logical argument combined are working havoc among the conservatives.

### PAWNEE \$500 COAT FOR \$1.

Young Negro Thief Is Caught by the Police.

Detective Sergeants Carter and Sheehan, of the West Forty-seventh street station, arrested Andrew Sherrell, a young negro, to-day and charged him with grand larceny.

Mrs. M. O'Neill, of No. 238 West thirty-sixth street, had accused the colored man of stealing her seal coat, valued at \$500. Sherrell admitted the theft, showing a pawn ticket for the coat. He got just \$1 for it.

It is thought by the police that Sherrell is concerned in a number of other burglaries and robberies which have taken place in the same neighborhood.

### CURZON GOING BACK TO INDIA

LONDON, March 23.—With reference to the resignation of Lord Curzon, the Viceroy of India, who leaves Bombay April 3 for England on a holiday trip, the Secretary of State for India, Mr. Brodrick, announced in the House of Commons to-day that Lord Curzon intended returning to India in September.

By leaving his post he vacated the Viceroyship, but no successor would be appointed at present, so the position would be open for the reappointment of Lord Curzon on the expiration of his vacation, should King Edward so desire.

## DEPEW JUST RAN IN TO SEE TAX BOARD

That's the Explanation Given of the Senator's Visit to the Offices To-day—Politics in It? Not at All.

A mysterious political something came to the surface to-day in the Stewart Building, where a number of the important city departments are housed.

Senator Chauncey M. Depew hustled into the Tax Department and inquired for Commissioner Straassburger, the Republican district leader. The long line of waiting taxpayers was halted while the Senator was ushered into the Commissioner's private office and the door closed behind him.

Presently the Senator emerged and hurried into President O'Donnell's office. President O'Donnell resigned the treasurer's position of the Tax Board.

He is Mr. Murphy's right hand man and is preparing to look after the private affairs of the Tammany leader, who started to-day for Atlantic City.

While this little political overture was being performed, Lawyer Daniel F. Cohalan, of Senator Freawley's district, called upon Comptroller Grout, on the floor above, and the two talked earnestly and long. Lawyer Cohalan has the confidence of the Tammany leader and added in several political coups during the election.

"Politics," said President O'Donnell, when asked about it. "Not at all. The Senator just called on a friendly mission. I learned to know the Senator very well at Peekskill."

"Politics," repeated Commissioner Straassburger, who was the only Republican retained by Mayor McClellan. "Not a bit of politics. The Senator just ran in, that's all."

"Politics," asked Comptroller Grout. "I don't know anything about politics. Now all hands in the city departments and at the City Hall are guessing what the early calls meant."

### EXPLOSION WRECKS HOTEL.

WHEELING, W. Va., March 23.—Sharp's Hotel, at Littleton, W. Va., was wrecked last night by an explosion of gas. One man is known to have been killed.

The hotel caught fire immediately after the explosion and was entirely consumed. It is feared the bodies of William Lawson, a pipe-line man, has been recovered.

## JUDGE BOLTE IS HIT BY REFEREE

William H. Willis. Who Took Testimony on the Charges Filed by Jerome. Makes Report to Appellate Division.

A report on the charges made by the District Attorney against Judge Herman Bolte, of the Second District Municipal Court, was rendered to the Appellate Division of the Supreme Court to-day by Referee William H. Willis. The report is unfavorable to Judge Bolte, but his counsel, Maurice Blumenthal, says that the Appellate Division should find ground in it for his removal.

There was a long list of charges against the aged Judge, chief of which was that his manner of conducting cases did not tend to inspire confidence in justice as administered in his court and that his decisions were contrary to law and evidence and in many instances carried suspicion of corruption.

The referee finds that the Judge did not exercise sufficient regard for the rights of the parties to the controversies submitted to him, but finds no evidence of corruption in the sense that decisions could be bought of Judge Bolte for money.

"The offenses which he is shown to have committed," says the referee, "proceeded not from any financial motive, but chiefly from his readiness to help his friends and favorites, even by sacrificing the rights of others, and from his infirmity of temper, his disregard for the proprieties and obligations of his office and for the provisions of law controlling proceedings in his court, and his lack of adequate knowledge of the law and of practice."

Referee Willis examined 103 witnesses in the case. His report covers 325 typewritten pages.

A section of the referee's report of great interest to taxpayers is that relating to the cost. All that Mr. Willis wants for his services is \$15,166, of which sum \$166 has already been expended for typewriting. Mr. J. Shannon Laughlin, the stenographer, puts in a bill for \$1,679.65, so the total cost of getting Judge Bolte's case before the Appellate Division with referee's report is thus far \$18,845.65.
